

BROW & LASH GROWTH SERUM

WITH CAPIXYL™

Our Brow & Lash Growth Serum is powered with a high percentage (5%) of **Capixyl** derived from **Red Clover Extract** and **Acetyl Tetrapeptide-3**, a **biomimetic peptide** which will strengthen, lengthen, thicken and stimulate natural, noticeable hair growth. Clinical data results have proven significant increase in hair growth and density while preventing hair loss.

- Hair density increased by **79%** creating fuller, bolder lashes.
- Hair grew **3 times faster** than normal rate at a minimum.
- **46%** new lash grow at a minimum.
- **-52%** hair loss
- Above results of clinical data were based on a 2.5% of Capixyl in product. **Brow and Lash Serum formula contains 5% of Capixyl which should result in achieving results more rapidly.**

Let's sum it up: longer, healthier, fuller, bolder lashes and brows with less hair loss. Can be used with lash extensions. Who has ever said my lashes are too long?

Just apply twice daily for 28 consecutive days for incredible results. Gently massage excess into the base of lash or brow. **Product can be used with lash extensions.**
